

# BRENT AHRENS

brentholmesahrens@gmail.com | 301.606.3561

I'm a passionate, self-motivated front-end web developer who thrives in demanding and dynamic roles that leverage my affinity for cutting-edge technology. I am eager to continue to grow and learn in a creative and collaborative environment.

## TECH SKILLS

React | Next js | Javascript | CSS3 | SASS | SCSS | Tailwind | PostCSS | Typescript | Firebase | Node js | HTML5 | RESTful APIs | NPM | BEM | Git Hub | SEO | Wordpress | Squarespace | Command Line | Wagtail | CRUD

## EXPERIENCE

### Freelance Web Developer 2018 – present

- Working with clients across industries to create custom sites that reflect and elevate the user experience and design vision
- Partnering with brands and designers using Figma and other collaborative tools to transform ideas and designs into intuitive and engaging web experiences
- Collaborating with other engineers using Github/Git
- Delivering responsive, cross-browser compatible and SEO-friendly code

### Front-End Web Developer, Atelier Ace, 2019 – 2020

- Implemented Javascript and CSS enhancements to the Ace Hotel family of sites (11 properties + blog); these sites receive over 300,000 monthly visitors
- Built and managed 13 food and beverage websites on Squarespace using custom code and developer mode to help create a unique site identity within a CMS framework, working closely with the Design and Marketing teams
- Worked daily with ticketing systems Asana and Hive to manage workflow and ensure on-time delivery of all assets
